School Annual Report 2022-23

I feel great pleasure to present the Annual Report after long period of pandemic. The difficult time of Covid has compelled us to think that only bookish knowledge which limits student only to their career is not the basic aim of our education system. To instill the life skills in the students should be our prime aim. The pandemic also made it crystal clear that nothing can substitute schooling. So this year we have not left any stone unturned for holistic development of the students

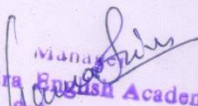

Academic Achievements: The child's academics performance is measured through continuous assessments with a lot of emphasis on experiential learning. Our school is happy to announce 100% results in class X and 86% in class XII, CBSE Board Exams 2022. This was possible by continuous efforts by the dedicated staff and by taking extra classes and other remedial measures to improve them.
